CANADIAN PACIFIC

The Expression of a Nation's Character

WORLDWIDE in scope, international in activities, the Canadian Pacific is pre-eminently the expression of a progressive nation's character.

Canadian Pacific rails extend from the Atlantic to the Pacific Ocean, webbing prairies and mountains, reaching out to cities, farms, forests, ranches and mines scattered over a million square miles.

Stupendous record in steel of the daring and genius of a young people who fifty years ago dreamed of transforming a virgin wilderness into a nation—and made their dream come true.

Canadian Pacific Steamships, on all the seven seas—Canadian Pacific Telegraphs, carrying messages to world's end and back—Canadian Pacific Express, trusted bearer of goods to the farthest places, with money-orders of worldwide currency—Canadian Pacific Hotels, with guests from all the continents.

Gigantic symbol of the vision, enterprise and spirit of the people of Canada.
